1. Waist measurement (where you want them to ride)_____
2. Out seam top of waist to floor_____
3. Inseam from inside top of crotch to floor_____
4. Waist (where chinks will ride) to bottom of knee down front of leg_____
5. Thigh circumference top_____
6. Knee Circumference around about a half bent knee (chaps only)_____
7. Calf circumference thickest part (chaps only)_____
8. Ankle circumference around boots (chaps only)_____
9. Desired length of fringe_____

For best results, use a cloth seamstress measuring tape. Place the tape on the body so it just touches. Make sure that it is not tight or loose, just void of slack. Measure over pants and belt; wear boots for best results.
